Silky Cord, or 7mm Satin Ribbon Ties we use up to 3 colours

we usually ties these to the fold-over flap only, which allows you or the guest to open the invitation without undoing the ribbons - the flap just sits closed, held down by the weight of the cord or ribbon.

Silk Tassels available in white, ivory, black, navy, red, cranberry, silver, gold. we usually thread the tassel though the fold-over flap and the main section of the cover, and this seals the covers closed - however, they are fairly easy to apply, so if you wish to add things to the invitation covers once you have received them, we can send the tassels separately for you to fix on.

Ribbons are available in a large range of colours - we can match to a swatch if you wish - or we are also happy to use ribbons provided by you.

## decoration styles

7mm or 25 mm Satin Ribbon Corners: this style is only suitable for the single card (plain or with the border) The 2 lines of ribbon that run diagonally across the back of the invitation are quite handy for holding an information or rsvp card. We can also use 7mm Grosgrain or Velvet Ribbon for this if you wish.

Knot and Tails: a discreet, stylish line of ribbon at the top of the invitation. We find this decoration works best with 15mm Grosgrain Ribbon, but we can also use Silver-edged Satin, 25mm Satin or 10mm Velvet Ribbon.

70mm Bow: a huge, luxurious Satin Bow that holds the folded invitation closed, or holds separate information and reply cards in place behind.

Band of Ribbon(s) around invitation: a single plain band of ribbon or a band with a bow that holds the folded invitation closed, or holds separate information and reply cards in place behind the invitation. You can add a second narrower, or sheer ribbon overlaid on the first ribbon for a really sumptuous effect. We recommend using Satin, Grosgrain, Organza or Velvet Ribbons

10mm Velvet or Satin Cross Bands: holds the folded invitation closed, or holds separate information and reply cards in place behind the invitation

Crystal Buckle: Square shape, clear only.
